for The Love of Cats Programs 2019 Veterinary Clinic Registration

To register, simply complete this form and return it to us for approval. We'll use your quoted pricing as the maximum amount we can pay when you invoice us. You can modify the quoted pricing (in writing) at any time -- by simply marking up this form and returning it to us -- so long as you stay within our guidelines and don't exceed the amount you charge the public for your same services. Discounts are greatly appreciated.

Standard Clinic Packages and Pricing

Note that we market this as a "free spay/neuter program" and ask that you not charge the Caregiver a co-pay for any of the items below or require that they pay for additional services or products in order to use their voucher. Offering additional services is fine so long as they are optional. Many of our caregivers are very low-income and additional services may often be outside their financial reach. Vouchers cannot be used on cats that are being de-clawed even if the Caregiver pays the additional cost.

	Package Pricing. <i>Our spay/neuter packages are itemized below. The "optional" items are ones that can be added to your invoice if you provide them at no cost to the Caregiver. For veterinary care services contact us before proceeding to receive a separate voucher.</i>	Your Quoted Price
