2023 Veterinary Clinic Registration - New

To register, simply complete this form and return it to us for approval. We'll use your quoted pricing as the maximum amount we can pay when you invoice us. During the year you can modify the quoted pricing at any time by simply marking up this form and returning it to us -- so long as you stay within our guidelines and don't exceed the amount you charge the public for the same services. Discounts are greatly appreciated.

Standard Clinic Voucher Packages and Pricing

This as a "free spay/neuter program" and ask that you not charge the Caregiver a co-pay for the packages below or require they pay for extra services or products. Offering additional services is fine if they are optional. Many caregivers are very low-income and additional services are outside their financial reach. Vouchers cannot be used on cats that are being de-clawed even if the Caregiver pays the additional cost.

	Our spay/neuter packages are itemized below. The "optional" items are ones that can be added to your invoice if you provide them at no cost to the Caregiver.	2023 Pricing Quote
S1	Cat Spay Package. Quote should include a brief pre-surgery exam, spay surgery, rabies vaccination, pain medication <i>and</i> taxes. (Average 2021 price was \$103. Acceptable package price range is \$95-\$200.)	\$
S2	Cat Pregnant or In-Heat Spay Package. Quote should include a brief pre-surgery exam, pregnant or in-heat spay surgery, rabies vaccination, pain medication <i>and</i> taxes. (Acceptable package price range is \$95-\$225.)	\$
N1	Cat Neuter Package. Quote should include a brief pre-surgery exam, neuter surgery, rabies vaccination, pain medication <i>and</i> taxes. (Average 2021 price was \$73. Acceptable package price range is \$70-\$140.)	\$
N2	Cat Cryptorchid (Inguinal) Package. Quote should include a brief pre-surgery exam, cryptorchid surgery (routine) rabies vaccination, pain medication <i>and</i> taxes. (Acceptable package price range is \$95-\$225.)	\$
N3	Cat Cryptorchid (Abdominal) Package. Includes brief pre-surgery exam, cryptorchid surgery (complex), rabies vaccination, pain medication <i>and</i> taxes. (Handled under our veterinary care program.)	Call w/quote before proceeding
O1	Optional Parasite Treatment. Add-on for cats with visible mites, worms or fleas on day of surgery. (Acceptable price range is \$5-\$15 including taxes.)	\$
O2	Optional FVRCP Vaccination. Add-on for an FVRCP shot given on the day of surgery. (Acceptable price range is \$5-\$20 including taxes.)	\$
O3	Optional Microchip. Add-on for implanting and registering microchip on day of surgery. (Acceptable price range is \$5-\$35 including taxes.)	\$
V1	Veterinary Care Assistance. Covers up to \$300 to diagnose and treat a minor non-emergency health issue costing less than \$300 overall. Restrictions apply -- please refer to our web site or call for specifics.	Call w/quote before proceeding
